RE: Antidumping duty scope determination on aluminum extrusions from the People's Republic of China ("PRC") (A-570-967).

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. On October 31, 2012, in response to a request from Valeo Group and its affiliates ("Valeo"), Commerce issued a final scope determination that Valeo's T-Series and M-Series components for automotive heating/cooling systems are covered by the scope of the antidumping duty ("AD") order on aluminum extrusions from the PRC (A-570-967). See message number 2319304 dated 11/14/2012.
2. On July 16, 2013, Commerce published in the Federal Register the notice of amended final scope ruling pursuant to court decision (78 FR 42491) amending its October 31, 2012 final scope ruling to now find that Valeo's T-Series and M-Series components for automotive heating/cooling systems are subassemblies that meet the description of excluded "finished goods" and, thus, are not covered by the AD order on aluminum extrusions from the PRC.
3. For all entries of T-Series and M-Series components for automotive heating/cooling systems that remain unliquidated on or after 11/12/2010, CBP shall terminate suspension and liquidate entries of T-Series and M-Series components that are not within scope which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits relating to imports of T-Series and M-Series components for automotive heating/cooling systems described above.
5. These instructions constitute notice of the lifting of suspension of liquidation of entries of T-Series and M-Series components for automotive heating/cooling systems entered, or withdrawn from warehouse, for consumption on or after 11/12/2010.
6. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778

requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the PRC not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.

8. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O8:BDK.)

9. There are no restrictions on the release of this information.
